For a person to put his thoughts into words is a difficult task if you were to remember that that person is a troglodyte who is therefore more psychically inclined than his urban contemporary.

America will soon face a downfall so abysmal, that she will never recover from it. This statement is based on several Observations and incidents that the ~~a~~ writer experienced.

1.

The American politician leads his people through any course that he wants them to - this is possible because the people ~~to~~ lack the initiative, ~~or~~ or are indifferent to the actions of their leaders - Their leaders say: You have the right to speak against your govt, ~~t~~ and support its changes - but remember, - ~~though~~ Democratic means Only - if otherwise we will blast the hell out of you - and besides, you wouldn't want to do anything like that, its is stupid costly and wasteful. Just let us run the country hire our relatives to work for us - and earn fat checks -

Q3 125 FBI

we know what we are doing in Viet Nam - we're keeping the economy going through our war spending - We will keep busy here working on picayunish matters to impress you - all what we really want to do is fuck you up - get fat and then quit.

Well, my solution to this type of government that is to do away with its leaders - and declare anarchy, the best form of govt - or no govt.

~~I contend that what is more democratic than to shoot a president~~

the President elect is your best friend until he gets in power they be ~~is your most exploring fucker~~ suck every drop of blood out of you - ~~fast~~ and if he doesn't like you - you're dead -

A List of Grievances against U. S. and its facade of "Freedom and Justice for all" ~~and et al~~

Justice: A being righteous, fair, rightfulness - the use of authority to uphold what is right. The administration of law. do Justice to, to treat fairly or with due appreciation.

① Freedom is but an imaginary and an alluring concept ~~[granted the American people]~~ of political life granted the American, sheep like bourgeois masses, by their selfish, (capitalistically permissable) sinister, and power hungry (whether democratically given to them or not is immaterial) overlords - (who are bribed, paid homage to, and toyed with by ~~[illegible]~~ lobbyists.) who are ~~[illegible]~~ in turn treated the same way - by lesser power hungry (political + Economic?), patriotic (understated) individuals - (bastards)

A Declaration of Against Oppression

when in the course of human events it has become necessary for me to equalize and seek revenge for all the inhuman treatment ~~that I have received~~ by those ~~who~~ committed against me by the American people.

the manifestation of this Declaration will be executed by its supporter(s) as soon as he is able to command a sum of money ($2,000) and to acquire some firearms - the specifications of which have not been established yet.

The victims of the part in favor of this declaration will be or are now - ~~as~~ the President, vice, etc - down the ladder.

The time will be chosen by the author at the convenience of the accused.

the method of assault is immaterial - however the type of weapon used would influence it somehow.

the conflict and violence in the world subsequent to the ~~enf~~ enforcement of this decree, shall not be considered lightly by the ~~wrp~~ author of this memorandum, rather he hopes that they be the initiatory military steps to WW III — the author expresses his wishes very bluntly that he wants to be recorded by historians as the man who triggered off the last war —
