Dear Sir,

I am shocked and
appalled that you are permitting
in the Court of California
insults, threats and hate state-
ments against Zionists, who
are desirous only of a home
for the Jews - which was
after all legally instituted
by U.N. in 1948.

I am also shocked and
appalled that you are permitting

country's chances for Middle ²
East peace.

Sirhan is not the only one
who has suffered from
a war, yet most people
never kill unrelated persons.

To prove Sirhan mentally ill,
it is wrong to accuse Israel,
and it is also dangerous
to inflame local Arabs.

To use Arab hatred against
Israel, is not justice,
and never will be -

Gentlemen:

I think the above is a misnomer. Is there not some way we can stop this circus about Sirhan Sirhan? He is guilty and should either be put to death or sent back where he came from. Neither he, nor his family are U.S. citizens. Why are we using the taxpayers money to put on this ridiculous performance.

There isn't another country in the world that would tolerate all this nonsense. They would either execute the person or send them back and not fool around with all this waste of money and time.

The evidence I heard this morning on the TV is ridiculous too. The attorney claims Sirhan was in a trance and achieved peace through the shooting. Isn't that great!

Al Excelentísimo Señor

Excomo Señor,

No debe haber clemencia para el asesino de Robert Kennedy. La justicia no debe ser mas que una , la de la razon , la equidad y la legalidad. No comprendemos porque esta costando tato dinero al Tesoro Nacional este asunto , prolongado hasta no poder mas., manteniendolo por tanto tiempo, cuando en el mismo instante de cometer su designio habia que liquidarlo inmediatamente.

Para que esos gastos de abogados de la defensa a cargo del Estado ? Que es lo que tienen que defender ?y que argumentos pdrian inventar para alargar el proceso y ganar mas dñero ? Esta causa esta perdida antes de empezar el Juicio.... Lo que se ve es dar tiempo al tiempo para preparar su absolucion, o declararle inocente. Esta es la Democracia Americana ? Donde esta la justicia ni la Ley ?

Este asesino ha matado y se la cogido con las armas en la mano por el Gurda espaldas de Robert disparando contra su victima. No debe haber mas juicio para el que el de la horca para castigar a otros con el

No tenemos tambien porque saber porque ha matado ? y cuales eran los miviles que le han inducido a cometer este barbaro asesinato de un inocente, y un pilar de la Nacion Americana. El que mata debe morir sean cuales fueren los atenuantes que la defensa pudiera presentar en su dia. O es que se pretende ignorar los dogmas de la razon y la Justicia

No Señor/ La sangre de Robert y su memoria claman al cielo para exigir venganza por su muerte y se haga caer sobre el indudable culpable el rigor de la Ley. No lo dudamos, y asi lo esperamos que se cumpla para orgullo y honor de la Nacion Americana en el Mundo entero.

Sir:

America is the land of justice. So we are taught in school and so it is written on almost every state or federal building. It is broadcast on Voice of America, and the public trials of Sirhan Sirhan and Earl Ray make a comedy out of the efforts to give these murderers fair and unbiased hearings. Yet when a clique of corrupt lawyers are charged by an ordinary citizen of gross negligence and breach of trust, those same upholders of America's justice can turn the trial into a kangaroo court without fear of exposure or punishment. And when that citizen pleads for his Constitutional right of a fair trial to the state governor, the governor turns his back: "It is beyond my jurisdiction," he blandly replies. What are we to believe? Is justice endowed to only those in the public eye or those who can buy it? Of course there will always be cases of men taking advantage of others, but will the government simply shelter them, providing a haven for the unjust rather than for the just? Within whose jurisdiction does it lie to clean America of corruption?

The lawyers mentioned above control not only a whole city, but also spread their power over the entire state, so that it seems impossible for even the governor to dare break their clique. Therefore, they can manipulate the law to suit their callous ambitions, irregardless of the lives of those involved. In effect, then, they are legal murderers and legal thieves who can carry on their activities under the protection of the government. Mr. President, I can give you the case which exposes the entire scandal, a case which conclusively proves them guilty of gross negligence, undue influence, breach of trust, collusion, fraud, and perjury. By breaking their power, innocent people throughout the state can be safeguarded, and the example will be set to other such men that justice cannot be denied to the people of the United States.

Or will you also turn your back? No, I believe you are truly a sincere man whose interests lie in helping the American people, in setting aright the crumbling judicial system, in restoring the original ideals of justice and equality to America--in other words, a man with the courage to do what he knows is right, no matter what the personal risks. I beg you to act, for there is no one but you with the power to do so.

Very truly yours,
Patricia Helene Massy

Correspondence Unit

26 February 1969

Office of Public Information
Department of Justice
Washington, D.C

Gentlemen:

On 3 February 1969, Metromedia News
in Washington reported as follows:

"Federal agents investigating the murder of Senator Robert Kennedy have uncovered some evidence which hints at conspiracy...

When the accused assassin, Sirhan Sirhan, was apprehended, police discovered that keys in his pocket fit a car parked a block from the hotel... The car belonged to a kitchen worker at the hotel at which Kennedy was shot... Reliable sources also report that the Secret Service had a file on this kitchen worker, and had it been the president who was in the hotel, the Secret Service would have detained the man before the President ever came to town. While the Secret Service had no file on Sirhan Sirhan before the Kennedy murder...they did apparently consider this kitchen worker in question at least a threat to presidents."

I would like to know what investigations were conducted by federal agents, and what reports of that work are available.

I think more should be done about the Sirhan trial. If he says he didn't know what was happening then why didn't he shoot someone else. There were so many people how come he didn't shoot one hundred people.

More should be done at the peace talks. Every time one side has a truce. The other side starts fighting.

Your comments, criticisms, and concern for the delays in the judicial system are shared by many. The matter is presently the subject of much legislative debate, in both the United States Congress and various state legislatures. Certain court reforms are needed and are being sought through bills currently being introduced in an effort to alleviate these conditions.

I am enclosing for your information a copy of the Attorney General's address before the National Council on Crime and Delinquency.

Dear Mr. Clark,
Please tell me, why, do we the
people, have to pay for an expensive
trial for Sirhan when so many
eye witnesses were present, also TV film?
Seems rather absurd to me - there is
no question of guilt in this case.
Why can't laws be up-dated

dispensation of crimes while the criminal
lives it up for free at expense of Tax payers?

Dear Sirs:-

106-120-1

5 FEB 24 1969

CIV. RIGHTS DIV.

Here I am living in Canada, a U.S. citizen. Just too scared to live in Detroit. I was a night telephone operator. Too scared to go to work, scared to come home, scared to go to sleep. My two very good friends, one is a retired lady living alone, afraid to step out of her apt. to catch a bus, and her assistant at one of our big hospitals. Sindi. And a third I nearly forgot a widow who also lives alone in an apt. She saw a murder committed outside her bedroom window in the parking lot. They are all making preparations to move over to Canada where it is safe. A fourth lady who is afraid to go out on her porch to get the evening newspapers.

There are a few living here who would like to live in their own country, but are afraid.

Then I hear day after day news on the T.V. about Sirhan Sirhan who shot Sen. Kennedy, and they don't think he was in his right mind. But he had mind enough to go for target practice on a rifle range

to practice before hand. How many people does one have to kill, to prove they are no good. Too bad there wasn't another Mr Ruby to put him in his place, soon after it happened. The tax payers really have to pay to keep such a person, and for how many more years. These Arabs are pretty good fakers. Just like the Cubians, brought over by car loads, boat loads, built homes, schools, churches for them found jobs for them in Florida. They made a mess of their own country. Now they are here, now we have trouble, riots, beatings, stealing, ^{burning} that's all they know. But over down south, are starving, no doctors, no food, no clothing.

There's only one way to clear this up. anyone, who does not want to obey the law, send them back, Africa, Arabia, Russia. Clean this country up. So we can go back to our country, where we belong.

Why not send Siskin to the front lines, we need crack shots there. Not here.
Yours very truly,

Dear Mrs. McSparran:

President Nixon has referred to this Department your letter postmarked February 11, 1969, concerning Sirhan Sirhan. We apologize for our delay in responding.

Since the trial is currently in progress, it would be inappropriate at this time for the Department of Justice to comment on the case. If you have any additional remarks or questions, you may wish to direct them to the Los Angeles County officials who are handling the proceedings.

Sincerely,

JERRIS LEONARD
Assistant Attorney General
Civil Rights Division
