Individuality is the necessary complement of the Universal Spirit which was the subject of our consideration last Sunday - The whole problem of life consists in finding the true relation of the individual to the universal Originating Spirit, and the first step towards ascertaining this is to realize what the Universal Spirit must be in itself, we have already done this to a certain extent and the conclusions we have arrived at are:-

that the essence of the spirit is life, love, and beauty

Let me make love to the boy if I don't find a clean cut girl to make love to.*

People who inflict misery on earth, smite the ignorant or educated who may address them.

If day and night should come and you do not have love for your God, you will not go to heaven.

God is the beginning and God will give you that which pleases you, but if not, therefore seek shelter.

God leads the lost to righteousness; as for the orphan, you should not treat with harshness; the beggar do not refuse, and thank God for his blessing upon you.

Go back my eyes to days gone by and teach me to regret my past and its sorrows.

My eye does not wish to see the lip of the stupid.
